Date

#### REQUIRED INFORMATION FOR BUILDING PERMIT APPLICATIONS

## **New Dwelling Construction**

- 1. Complete set of blueprints of the proposed construction with a Professional Engineer's stamp.
- 2. Site plan showing proposed setback of the new construction from property lines and all existing structures on site.
- 3. Drainage Plan

#### **Detached Garages and Sheds**

- 1. Site plan showing drainage and all structures on the property and the location for the proposed accessory structure relative to the property lines.
- 2. Dimensions floor plan of the structure showing window and door locations.
- 3. A section through the structure illustrating and specifying
  - a. Floor construction and,
  - b. Wall construction and
  - c. Roof construction

#### **Decks**

- 1. Site plan showing all structures on the property and the location for the proposed deck relative to the property lines.
- 2. Details for the construction of the deck:
  - a. Type of foundation (pads, piers, helical piles, other)
  - b. Method of fastening to house
  - c. Supporting beam location and specifications
  - d. Deck joists size, spacing and blocking
  - e. How high above grade
  - f. Stairs from deck to grade
  - g. Handrails and guardrails specifications

### **Pools and Hot Tubs**

- 1. Site plan showing all structures on the property and the location for the proposed pool relative to the property lines.
- 2. How the pool will be protected in order to conform with the requirements of the Manitoba Building Code.
  - a. Fence will be a minimum height of 5' and not easily scaled.
  - b. Gate with self-closer and lockable latch
- 3. Hot Tubs can have a locking lid instead of a fence surrounding it.
